## EDUCATION

**Bachelor of Technology in Computer Science and Business Systems (CGPA: 8.2/10.0)**

Vishnu Institute of Technology (2022–2026)                                      Bhimavaram, Andhra Pradesh

**Intermediate (MPC) – Percentage: 69%**

Tirumala Junior College (2020–2022)                                            Bhimavaram, Andhra Pradesh

**Class X – Percentage: 94%**

Divine Mercy (E.M) School (2019–2020)                                          Veeravasaram, Andhra Pradesh

## WORK EXPERIENCE

**AI Intern – Aptpath (SmartX) | NewsGenie AI Project(Github)**                 July–August 2025
- Built a personalized AI news assistant using Python, Django, HTML, CSS.
- Added AI summarization and Text-to-Speech to make news easy to read and listen to.
- Connected backend with a simple, responsive frontend for a smooth user experience.
- Worked on automation testing to improve accuracy and reliability.

**Cloud Intern – AWS Virtual Internship (Certificate Link)**                    January-March 2024
- Built and deployed a **serverless web app** using **AWS Lambda and S3**.
- Worked with **S3, EC2, IAM, and CloudWatch** to create a scalable and secure cloud setup.
- Gained hands-on experience in monitoring, deployment, and basic cloud infrastructure.
  .

## PROJECT

**Appointment Scheduling Web Application (Github Link)**                        Feb 2025
- Built a responsive appointment booking system using HTML, CSS, JavaScript.
- Used Firebase Realtime Database for live updates and conflict-free scheduling.
- Created a dynamic calendar interface with real-time time-slot display.

**Portfolio Website (Github Link) — Developed using HTML & CSS**                March 2025
- Developed a personal portfolio using HTML & CSS.
- Displays all major projects in a clean, responsive layout.
- Highlights frontend design skills and interactive UI features.

## SKILLS

**Languages:** Python, C, SQL

**Frameworks:** Django, Node.js

**Tools**: GitHub, Visual Studio Code, Power BI

**Platforms**: Snowflake, Firebase

**Soft Skills:** Problem Solving, Quick Learning, Communication, Team Collaboration, Time Management, Adaptability, Attention to Detail

## CERTIFICATION

**Web Development Internship (Certificate)**
- Completed a virtual internship under AICTE–EduSkills with hands-on web development practice.
- Built responsive interfaces using HTML, CSS, JavaScript, Tailwind CSS and explored backend basics with Node.js.

**Smart India Hackathon (Certificate)**
- Participated in SIH, working on tech solutions for real-world problems.
- Collaborated with a diverse team to analyze problem statements and present scalable prototypes.

**AI Internship – Aptpath (SmartX)(Certificate)**
- Completed a 1.5-month internship on NewsGenie AI, gaining experience in Python, Django, HTML, CSS.
- Implemented AI-based personalization, summarization, and basic automation testing.
